Question/s to be Answered

I write under the terms of the Freedom of Information Act 2000 to request the following information on delays in your Emergency Department(s).

For each month in 2021 (January – December inclusive):

1. How many patients spent 6 hours or more in the emergency department from the time of arrival?
2. How many patients spent 20 hours or more in the emergency department from the time of arrival?

If helpful, you can complete the excel sheet attached. If you are filling this in for more than one Emergency Department, please separate the data for each site. We are looking for department level data, rather than aggregate health board data.

[See attached spreadsheet](#)

[Please also there is public information already published on weekly and quarterly basis.](#)
