Question/s to be Answered

Please can you provide me with the following information?

1. How many properties / buildings owned or leased by the NHS Board have cladding that requires to be checked, or is currently being checked, to ensure it is safe following the Grenfell inquiry? Please can you list what the building is used for and its name?

NHS Shetland does not have any buildings that require to be checked or are currently being checked

We are satisfied that with the safety elements of external and internal cladding

2. How many properties / buildings owned or leased by the NHS Board have cladding on them which contain Arconic's version of ACM, Celotex RS5000 insulation, and Kingspan's Kooltherm K15. Please can you list what the building is used for and its name?

None

3. How many properties / buildings owned or leased by the NHS Board currently have work going on in them to ensure there is appropriate fire retardant materials in wall cavities (internal and external) Please can you list what the building is used for and its name?

None

4. How many properties owned or leased by the NHS Board have been identified as not having the required fire retardant protection in wall cavities? What processes are in place to ensure these buildings can operate safely. Please can you list what the building is used for and its name?

None

5. Please can you provide the name of the main contractor / builder of any facilities that have been identified in this FOI.
