Freedom of Information (Scotland) Act 2002

DATE RECEIVED	30/06/2022	SUBJECT	Datix			
PASSED TO	Clinical Governance	DATE PASSED	04/07/2022	RESPOND BY	21/07/2022
CATEGORY	Press		FoI NUMBER	2022-235		

Question/s to be Answered

- Please can you tell me how many adverse events were recorded on your Datix system in each month of the last three full financial years and April, May and June of this financial year. Can this be broken down by the associated harm in the following categories (or similar):

Adverse events that led to harm

Adverse events that did not lead to harm

Near misses

Fatality Learning Event

Never Events

- In addition, again in each month of the last three full financial years and April, May and June of this financial year, which categories of seriousness these Datix entries were put into (so how many were in adverse event categories one, two or three).
- Lastly, please can you tell me how many significant adverse event reviews (SAER) were instigated by the health board in each month of the last three full financial years and April, May and June of this financial year.

My preferred format for all of the above is MS Excel.

Please see the accompanying Excel file for NHS Shetland's response to your request
