Question/s to be answered

Please give me a list of human rights due diligence checks your organisation has conducted since the publication of the Scottish Government document, Guidance on due diligence: human rights, detailing in each case whether or not you proceeded with an investment relationship or business agreement following the undertaking of these checks. Please also detail any instances of non-compliance with the guidance that have been reported. If unable to provide such a list, please confirm for me whether your organisation was previously aware of or has ever given consideration to this guidance, including whether you are aware of having been notified of it by a representative of the Scottish Government or other public body.

Please also tell me how many investment relationships or agreements your organisation has engaged in since June 2018. This request relates to the types of relationship outlined in the aforementioned guidance as meriting a due diligence check: “any activity which could lead to an investment relationship or agreement with a third party” (source: Guidance on due diligence: human rights – gov.scot (www.gov.scot)).

If this request is too wide or unclear, please let me know. If you are unable to complete the second part of this request, relating to investment relationships engaged in since June 2018, I would be grateful if you could still work to answer the first part.

In accordance with FOISA s 17(1), NHS Shetland confirms that it does not hold the information requested.
