**Question/s to be answered**

I would be grateful if you could send me the following information relating to Child and Adolescent Mental Health services:

1. Among all the children and young people from your health board area who waited in excess of the 18- week CAMHS standard and started their treatment in
  - a) 2019-20
  - b) 2020-21
  - c) 2021-22
  - d) 2022-23 to date (including those still waiting),

What was the total number of days over the 18-week standard that they collectively waited. Please break down the figures for each year specified.

<b>2019/2020</b>	<b>152</b>
<b>2020/2021</b>	<b>1866</b>
<b>2021/2022</b>	<b>193</b>
<b>2022/2023 Apr-Oct</b>	<b>2</b>

For example, if a child began their treatment after 30 weeks, then that child would contribute 84 days towards the total for the year in which they started their treatment (12 weeks x 7 days)
